14.00 - 15.00	Malignant hyperpyrexia	Early warning systems and their use in PACU	<i>Inherent</i>
1500 - 1600	Closing address		

The British Anaesthetic and Recovery Nurses Association has always prided itself on being the main organisation for all practitioners working within the anaesthetic and recovery arena, therefore as in previous years this year's conference will concentrate solely on the clinical aspects of anaesthetic and recovery practice. BARNA is committed to highlighting practical aspects of anaesthesia and recovery practice and so not only do we have the conference, we also have a pre-conference anaesthetic study day for those who cannot attend the conference. We also have practical workshops on each day the conference.

BARNA recognises the importance of practice in the perianaesthetic field

BARNA Mission Statement.

BARNA exists to promote excellent quality of care for the patient undergoing and recovering from anaesthesia in any setting. Through its commitment to standards, education and research, **BARNA** supports the individual professional development of its members and encourages all members to actively participate in the association providing information, ideas and feedback. **BARNA** works towards the national recognition of anaesthetic and recovery nursing as specialist areas of practice.

Join BARNa today... Online at: www.barna.co.uk

Established in 1987 for recovery and anaesthetic nurses who were not represented by any other association. BARNa became the UK representative for the International Federation of Nurse Anaesthetists in 1993 and has long represented the view that non-physician provision of anaesthetics would be practical in UK. Membership includes Nurses, ODP's and Doctors involved in the provision of care in the anaesthetic and recovery areas.

Conference Fees:

£100 for members, **£175** for non-members

For more information visit: www.barna.co.uk

Book and pay online with credit/debit card at www.barna.co.uk

Please note that credit/debit card payments can **only** be made online at barna.co.uk

STUDY DAYS**

Record of Study Days

- **Clinical Scenarios** : 21st Jan 1999 at Royal Institute of British Architects, London. Sponsored by Kimal plc.
- **Ethical, Legal & Clinical Aspects of anaesthetics and recovery** : 12th November 1999 : in collaboration with AODP & University of Surrey Guildford
- **QEH : difficult airways**
- **BARNA talks** – x 2[Manchester and London] [discussion on PACU staffing]
- **Adult Basic Recovery Skills** : 18.02.2000
- **Advanced Practice Study Day** : March 2002 at RIBA
- **Advanced Practice Study Day** : November 2002 in York
- **York Study Day** sponsored by BARNA 2007 [organised by Pauline Guyan]
- **BARNA Study Day** at QEH : Woolwich on The Difficult Airway : 24th March 2007
- **BARNA Talks [staffing]** Practice Forum discussion free to members London 2009 and Manchester 13th March 20th 2010
- **Patient Warming : Back to Basics** : November 15th 2013 : in collaboration with EOC and Molnlycke at Epsom hospital
- **BARNA supported study days** in York in 2009 and at SWLEOC [Sue Tyne]. Practice Forums [BARNA talks] took place in London [2009]and 2010 in Manchester.
- **Obesity** : 3rd October 2014 at RCN [in associaton with SOBA & Merck]
- **Re-validation : BARNA teaching packs** : RCN London in collaboration with RCN : study day prior to launch 2016

Clinical Scenarios

- **Clinical Scenarios :**
21st Jan 1999 at
Royal Institute of
British Architects,
London.
Sponsored by
Kimal plc.

Clinical Scenarios

09.00-10.00 Registration and Coffee

10.00-11.00 The Elderly Patient Undergoing Surgery

Implications for the Anaesthetic Room and Recovery Unit.

Scenario: An elderly patient is brought to theatre for emergency laparotomy for perforated gastric ulcer, in the recovery unit he is cold and in pain.....

Dr David Wilkinson

President of BARNA, Dr. Wilkinson is Consultant Anaesthetist & Chairman of Anaesthesia at St. Bartholomew's Hospital. Dr. Wilkinson also acts as Honorary Treasurer to the Association of Anaesthetists and Secretary to the confederation of European National Societies of Anaesthesiology.

11.00-11.30 Coffee

11.30-12.30 The Difficult Airway

The implications and management of the difficult airway in the Anaesthetic and Recovery Room

Sr. Inge Bateman

Sr. Bateman trained and worked as a nurse anaesthetist in Denmark and Germany and is currently employed in Recovery and Anaesthetics at Worthing Hospital.

Inge has broad-based acute clinical skills and lectures in Anaesthetics, Recovery and High Dependency.

12.30-13.30 Lunch

13.30-14.30 Bleeding Tonsils!!!!

'The child in the Recovery Unit'

Scenario: the child has been in your care for 15 minutes, suddenly, blood pours from his mouth.....

Sr. Gilly Gooby

Sister in POCU at Guy's and St. Thomas' Hospital Trust for two years with special interest and expertise in paediatric recovery. Acts as link trainer for the Resuscitation Training department covering both adults and children.

14.30-15.00 Tea

15.00-16.00 Residual Paralysis

Recognition and Management

Scenario: A patient is recovering from an abdominal hysterectomy, in the Recovery Unit. Her muscle tone is weak and her airway is difficult to maintain....

Sr. Maddy Woods

Sr. Woods is Clinical Nurse Specialist and Senior Sister in Acute Pain & Post-operative Care at the Homerton Hospital, London.

Her special interests include teaching pre and post registered nurses and the promotion of Evidence Based Nursing Care.

Please Note:

Light lunch, tea and coffee to be provided. Lecture handouts also provided.

Due to the large numbers of attendants these presentations will follow lecture format with time for discussion and questions at the end of each presentation.
